

Businesses can save up to \$20 per month for 24 months with Telstra's best ever Business Bundles sale

With so many businesses looking for reliable and cost-effective telecommunications solutions, Telstra is providing new fixed broadband customers with up to \$20 off per month for 24 months on selected business bundles.

Telstra General Manager, Alister Park, said "Telstra knows how important it is to never miss a business opportunity and to save a few dollars wherever you can. Our T-Bundle BizEssentials Plans are a great way to help save you time and money - by bundling your fixed phone and broadband on to one plan you get all of your local calls included as well as free calls in Australia between your fixed line and any mobiles on the account! You also get 24x7 technical support and can move between BizEssentials plans to help meet changing business needs.

"And now new fixed broadband customers can get even greater value with \$20 off per month for 24 months on our Everyday and Max BizEssentials bundles!! This great offer has now been extended until 12th May, and we encourage new fixed broadband customers to take advantage of this great offer while it lasts."

No matter what your budget or your business size, Telstra can get you using the latest solutions - be it a big business set-up or a small, simple and individual option - to help your business really grow!

Even if BizEssentials is not what you're looking for, Telstra's team of business specialist staff are here to help you find the solution that's just right for your business. Their Account Executive teams and customer service staff, as well as their network of more than 90 local Telstra Business Centres, are here to serve customers across every industry and every corner of the country.

Many of the Telstra Business Centres are locally owned operated businesses themselves, so they understand what it takes to run one, partnering with small businesses to help them work smarter not harder. It's their top priority to get to know a small business intimately and find the best option to suit how you work.
